documents the effects of adopting standards for public land health and guidelines for  
livestock grazing management on bureau of land management blm administered land in  
new mexico the standards and guidelines would be incorporated into eight blm resources  
management plans rmp that cover approximately 13 5 million acres in addition for each  
alternative there are existing land use decisions that are in conformance with the

standards these decisions would be changed to bring them into conformance page xiii

this fully updated and comprehensive 3rd edition of the law of ship mortgages provides readers with a practical commercially based and definitive guide to the english law of ship mortgages the authors being seasoned practitioners bring their extensive experience to bear on a number of difficult and developing areas of the law such as mortgagees duties liability to charterers the conflict of laws work outs restructurings and cross border insolvency the 3rd edition includes new chapters on pre delivery security security over shares and on the increasingly important topic of ship leasing as a method of finance it is written against the background of and has regard to ever increasing sanctions affecting shipping and ship finance as well as the continued regulatory and industry driven push towards reduction of emissions imo 2020 and imo 2050 written primarily with practitioners in mind the law of ship mortgages will continue to be extremely useful to legal professionals especially in common law jurisdictions involved in international ship finance or ship mortgage enforcement it will also be a valuable resource for postgraduate students and academics especially those with an interest in shipping law or the law of personal property more generally

the arrest conventions signed in 1952 and 1999 play a fundamental role in the worldwide enforcement of maritime claims arrest of ships is one of the most distinctive features of international maritime law it provides a powerful efficient and effective means of enforcing maritime claims in rem obtaining sufficient asset security and preserving property pending substantive proceedings ship arrest is however also a draconian power that cuts across property rights and can cause considerable commercial harm to shipowning interests this book provides thematic and comparative analysis from leading international commentators on the most significant legal and policy issues including practical problems arising from the arrest convention texts as well as the direct implementation or indirect translation of the arrest conventions into domestic legal systems it critically analyses the political and historical development of the conventions explores the key concepts underpinning the arrest convention frameworks and considers the future of ship arrest

this book uniquely offers a single point of reference on the vital legal subject of maritime liens intrinsic to admiralty law and a topic often incompletely understood by shipping

firms and other such businesses to their considerable risk and detriment where previously it was necessary to source many different publications of widely varying age this book now provides a single up to date accessible and comprehensive source to explain this complex area and its implications for all parties in the maritime industry and beyond in each of the jurisdictions concerned the author introduces the meaning and functions of maritime liens as well as the jurisdictions where maritime liens arise with some historical context provided to aid understanding in terms accessible to anyone working within the industry he explains the implications of maritime liens with regard to damage pollution collisions salvage wages and more the enforcement of liens in each jurisdiction is thoroughly discussed featuring topics such as the arrest of vessels the exercise of liens on cargo and sub freight provision of security conflict of laws and the procedures and proceeds of judicial sales key priorities such as sale proceeds competition between creditors and non maritime claimants are also addressed the law and practice of maritime liens offers a comprehensive and accessible guide to the topic for anyone directly or indirectly involved in the maritime sector but it is most directly relevant to legal practitioners especially in maritime law and marine insurance areas in practice within each of the relevant jurisdictions shipowners charterers and corporations involved in the maritime sector law courts judges and magistrates throughout the english speaking world and elsewhere will also benefit from this book it is likely to have a wide international audience being applicable to a large proportion of marine sector trade
