L'entrée d'Espagne is a fourteenth century franco italian poem probably composed by its unknown
paduan author at the early visconti court which defined a literary trend of the renaissance by
transforming a typical epic matter charlemagne's conquest of spain into a chivalric poem it
successfully hybridized epic with classical sources references to the breton romances and european
conceptions or misconceptions of medieval islam this study traces the major influences upon this
important work of art including the backdrop of early fourteenth century northern italian politics
it examines the gradual weakening of the figure of charlemagne in the poem as a reflection above
all of the diplomatic and military tensions between france and the early rulers of milan

non la sociologie durkheimienne n est pas morte tel est sans doute un des thèmes majeurs de cet ouvrage il s efforce à travers la relecture des travaux de grands noms de la sociologie durkheimienne de montrer contre nombre d idées reçues l aspect protéiforme d une conception de la sociologie aujourd hui considérée par certains comme un objet historique l auteur se donne pour objectif de mettre au jour l évolution d une école de pensée qui dans sa dernière version s éloigne quelque peu du programme d étude originel tel que l avait conçu durkheim elle pose alors les bases d une psychologie collective qui en tempère fortement le caractère holiste si cette réinterprétation d une période de l histoire de la sociologie l entre deux guerres n est plus vue comme le chant du cygne du durkheimisme et le prélude à une toute nouvelle ère pour la science sociale de l après guerre s adresse aux spécialistes elle devrait aussi intéresser ceux qui sont à la recherche de concepts sociologiques classiques les aidant à comprendre la réalité sociale d aujourd hui enfin les non spécialistes y trouveront aussi les grandes lignes des théories des durkheimiens ainsi que l essentiel du contenu de leurs œuvres majeures ce qui devrait permettre de se familiariser avec cette tradition sociologique et surtout de lui restituer ce qui lui donne une valeur actuelle
